

MISSION STATEMENT AND GOALS

The Mission

The mission of Southwestern Illinois College's Medical Surgical Technology program is to prepare entry-level Surgical Technologists who are competent in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains through high quality didactic and clinical educational experiences to function as an essential member of the healthcare system.

The curriculum instills and enhances the intellectual, psychomotor, and affective domains. The curriculum instills and enhances the intellectual, psychomotor, and affective domains.
